

Onguma Interpretive Bush Walks

Africa takes on a new perspective when you experience it on foot as the first explorers did. A bush walk is a unique physical, mental and spiritual adventure through nature. Experience the sights, smells and sounds of the African bush by conducting an early morning leisurely walk accompanied by one of our experienced armed rangers. Our interpretive walks will bring you closer to nature by exposing you to the intimate detail of our surroundings.

It is a chance to exist for a period of time in the original, primitive atmosphere of wilderness; to watch from a respectful distance the intimate lives of wild animals of the African bushveld.
